

Name : **RAMJI BABU**

Age : **20**

Gender : **Male**

Occupation : **Student**

Bio

I am Ramji Babu, a pre-final year engineering student with a passion for full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). I thrive on creating dynamic and responsive web applications, leveraging my skills in both frontend and backend development.

Pain points

- > Limited Availability and High Competition
- > High Rent and Hidden Costs
- > Unresponsive Landlords

User Goals

- > Find a suitable rental property within budget and desired location
- > Secure favorable lease terms for flexibility and fairness.
- > Maintain a comfortable and safe living environment by addressing maintenance promptly.

User Needs

- > Convenient location and amenities within budget.
- > Emphasis on safety and security
